3353m² warehouse to let in New Germany

Being part of a secure industrial park with 24-hour security ensures the safety and protection of the warehouse and its contents.

With a size of 3353m², the warehouse provides a spacious storage area for various business operations. The height of up to 5m allows for efficient vertical storage and organization of goods.

The presence of multiple roller doors offers convenient access and easy movement of goods in and out of the warehouse.

The three-phase power supply of 400 amps is a significant advantage, as it allows for the use of machinery or equipment that requires higher electrical capacity.

The overhead sprinklers provide fire protection within the warehouse, ensuring the safety of the inventory and assets.
